

School Nutrition has disabled the eFunds connection for the close of school. We will reopen the portal August 1. Those parents who are set up for reoccurring payments have been sent an email requesting that they turn off their payments. Since we have disabled our connection at this time, eFunds has assured us that the reoccurring payments are stopped. You do not have to do anything. You will get another email that confirms the reoccurring payments have been shut off as a final reminder for the school year. As always we appreciate you trusting us for providing meals to your children. Thanks.
